

PRESS RELEASE  
Town of North Stonington  
December 10, 2015

### **Joint Special Meeting of North Stonington Boards to Discuss School Facilities Modernization Proposal**

The next Joint Special Meeting of the North Stonington Boards of Selectmen, Education and Finance is scheduled for Thursday evening, December 17, 2015 at 7:00 pm in the Wheeler High School Media Center.

This meeting will focus on the initial school modernization proposal, which was presented by the Ad Hoc School Modernization Committee at the November 23<sup>rd</sup> joint meeting of the boards. The Ad Hoc Committee will further discuss how it developed its proposal and recommendations and they will address some "Frequently Asked Questions". They also intend to provide an overview of the HAZMAT Test results of the school buildings.

The nine-person Ad Hoc committee has formed three subcommittees of their members to do additional work on Finance, Middle School/High School Planning and Communications. An update will be provided by each of these subcommittees.

General feedback and discussion of the modernization effort proposed at the November 23<sup>rd</sup> meeting will follow. The joint special meeting will be a "working level" meeting of the boards.

The public is welcome to attend.
