Tony Nenna, On-Site Engineering, to discuss a Sand/Wash Plant on property located on Anthony Road, Tax Map 124, Parcel #5167

Mr. Nenna, Steven Bednaz, Dunning Industries and Ledyard Lewis were present for this workshop.

Mr. Nenna went over the proposed plan stating the activity would be within the wetlands buffer. Mr. Bednaz stated there would be one draw pond and three settling ponds and the water would be regenerated. Mr. Nenna stated the wetlands would be re-flagged.

The Commission asked questions of the proposal and would like to see an Environmental Impact Report on the short and long term effects of how this will affect the wetlands and a Maintenance Plan.

The Commission stated it would be feasible as long as it's done right and it's an ideal location for a gravel operation.
