

RFP “3rd Party Review”
Questions Submitted
April 7, 2017

Question: To assist in preparing a written proposal for plan review services, can you provide the square footage of the existing area of the elementary school to be renovated?
The RFP states that the existing elementary school will be "renovated as new".

Also, can you confirm that the entire 71,000 square feet of existing area within the middle and high school will be included in the "moderate" renovations.
