9. Old/Ongoing Business
 - a. All boards and commissions gathering- Good event. Only concern was that certain boards had not been included. The last time we did send a paper copy as well. If board members had not checked their town email, they would not have known about the event. Going forward we will make sure we do more outreach.
 - b. BUY Local program- need to figure out how it will be rolled out to the businesses and to customers. The conversation continued to the next meeting.
 - c. Beautification/ Business Development- continued to next meeting
 - d. Business space- how can we use the space in keeping with the library standards set for the building. We will continue the discussion.
10. Upcoming projects- need to have a discussion about how we make sure that the brochure we create includes all town businesses. Need to look at it again and go from there.

Meeting adjourned at 7:05 PM
