

Addendum #2

Questions submitted

- The RFP states that bids are to be based on a Jan 2018 start. Is this correct? I ask this because I believe the existing agreements for the town and school have a Dec 2017 renewal/start. A Jan 2018 start will likely result in the existing agreements defaulting to an index/variable rate for one month.

End of contract is December 2017 reading

- I am able to provide pricing for both a Dec 2017 start (meet your renewal date) and a Jan 2018 Start. Would you like me to include both or just the Jan 2018 start?

January, 2018 start reading

- The RFP asks for 12m pricing. Would you like me to include 24m & 36m as well?

12 month pricing only

- The RFP requests a "sample purchase agreement" be included with the bid. Would you prefer a copy of the completed agreement (just requires sign-off)?

Complete Agreement is fine

- Is there anything else other than the "Price quote" and "sample purchase agreement" you would like?

No, except to adhere to the terms included in the RFP. If not, bids are subject to disqualification.

Request for service numbers and key names

LOAs are provided upon request for information
Also, attached please find 12 months of data for each account.

Switching of Due Date

Dates were set to accommodate of meetings and requirements and will not be altered.
