Board of Education Meeting - February 28, 2024

SUPERINTENDENT REPORT

Presented by Troy C. Hopkins

Our Goals: Safe, Valued, Sense of Belonging - Innovative Instruction - Efficient and Transparent Processes

Staffing

No changes in staff to report.

Safe, Valued, Sense of Belonging

The camaraderie in the schools among adults and students is incredible. This is supported by a dedicated staff including paraprofessionals, teachers, custodians and maintenance, food service, bus drivers, secretaries, technology personnel, a strong mental health team, and of course the administrative team. We are in good shape with our staffing level, which allows us to be proactive more than reactive in meeting the needs of each student.

Innovative Instruction

We had a very productive professional development day on February 16th, with a focus on Innovative Instruction. The entire district of teachers were together for an hour in the morning for a presentation delivered by Kim Haggerty, Noel Devine, and me. People continued to explore innovative teaching and learning strategies during the day and committed to trying something new in their classrooms. We will have a follow up on the March 8th professional development day. We are on a role with innovative instruction!

Our paraprofessional and substitutes participated in a workshop called, "Becoming a Trauma-Informed Education Professional".

Jen Welborn received a \$4,245 grant from the Wood-Pawcatuck Wild and Scenic Rivers Stewardship Council for water quality research of the Shunock River.

Efficient and Transparent Processes

School Construction Audit - The audit has been completed on the Administration Building. The other 2 projects are nearly completed.

We have been busy working making adjustments to the FY25 budget. The percent increase is at 3.3%. We have trimmed as much as is reasonable.

I surveyed the staff about the central office and superintendent using the same questions as last year. I will share an analysis of the results with the BOE soon.
