N. Reichert stated that the State of CT passed an Act SB 1201 Concerning Responsible and Equitable Regulation of Adult-Use Cannabis which became effective July 1, 2021. The Act permits State licenses to be granted for the growing, processing and selling of adult recreational use cannabis. The Planning and Zoning Commission is empowered by the act to promulgate use regulations under its Zoning Enabling Act powers. N. Reichert went over the process and stated the text amendment allows municipalities to amend their zoning regulations or ordinances for cannabis establishments by either prohibiting them from opening or to place reasonably restrictions on them. The Town of North Stonington would be allowed one retailer and one micro-cultivator for every 25,000 municipal residents as determined by the State of Connecticut Commissioner. The text amendment would require a special permit to be submitted by the applicant.
