- Picnicking

HOURS: DAWN TO DUSK
except when fishing

The Farm House was built circa 1750 and is of historical importance. An 1868 map of North Stonington shows John D. Gallup 2nd owned the property. This was the site of his woolen mill.

In the 1920's, Fred & Flora Hewitt purchased the farm and over the years they carefully improved it. In 1967, Flora Hewitt deeded the farm to the Marine Historical Association with restrictions that ensure its preservation. North Stonington purchased Hewitt Farm from Mystic Seaport in 2008 to be used for recreational & park purposes, honoring Flora's wishes.

LEGEND

- Woodland
- Hayfield
